# Cancer-Related Fatigue (CRF)

Complex • Common • Disruptive • Unaddressed

## Complex

Uniques causes and contributing factors between patients.

## Common

Affects up to 95% and is serious in 30% of survivors.

## Disruptive

The most disruptive & burdensome side effect in survivors.

## Unaddressed

No other medical treatment services for CRF in Canada.

## Cancer Fatigue Services

Personalized • Flexible • Affordable • Compassionate

### Comprehensive Assessments

**Getting answers:** We assess all the known causes of CRF.

**Setting the pace:** We book & complete tests on your schedule.

### Personalized Care Plan

**Your care, your way:** We develop & deliver a personalized CRF care plan tailored to your unique medical & life circumstances.

### Personalized Treatments

**Getting results:** We work with our partners to ensure you receive & benefit from the highest quality fatigue care & support.

**Following through:** Our **Customer Care Team** stays in touch to ensure your needs are met & to help keep you on track.

## Your care. Your way.

### Accessible Fatigue Care

#### Care where you need it

Join us on-site or at home using a secure telemedicine platform.

#### Care how you need it

We help ensure you have the resources you need to complete & benefit from your CRF treatments.

#### Care when you need it

Expanded care schedule to support you whenever your energy & schedule require it.

## Affordable Fatigue Care

Our flexible care coverage model ensures that everyone has access to the CRF assessment & treatment services they need & deserve... regardless of income.

- Our core assessment & treatment services are OHIP-covered for qualifying individuals.
- Many common CRF treatments are covered by private insurance.
- Until the Ministry & private insurers expand their coverage to include all critical CRF-related assessment & treatments, our **Compassionate Care Coverage Support** will be here to help!

**Cancer Fatigue Services** is a groundbreaking, Toronto-based healthcare provider specializing in treating CRF...  
**...and the first program of its kind in Canada!**
